

## Preamble

Sustainable Development Goal 11, titled “Sustainable Cities and Communities”, is one of 17 Sustainable Development Goals established by the United Nations General Assembly in 2015 whose official mission is to “Make cities inclusive, safe, resilient and sustainable”. The S.D.G 11 comprises of 7 “outcome targets” at the global level out of which target 11.4 aims to “Strengthen efforts to protect and safeguard the world’s cultural and natural heritage”.

This STTP presents a forum for various stakeholders to come together and discuss different perspectives and approaches concerning target 11.4 of SDG with a focus on Indian Heritage. The participants will be provided with in-depth knowledge of present and future challenges facing Indian heritage and its conservation and various mechanisms for balancing conservation and sustainability in the short and long terms. The learnings from this program will include various ways in which relevant stakeholders can engage with urban heritage and strengthen the value of heritage contributions to sustainable development through harmonious integration with contemporary interventions.
