

The BD² Workshop

From Basic Design towards Design

Coordinated by
Darpana Athlye, Architect and Product Designer

Dates: 31st July to 4th August, 2017

Last date for registration: 26th July, 2017

Venue: Council of Architecture Training & Research Centre, Pune

Basic Design is not just about art or visual aesthetics which is a general perception. It does take several inferences from ART but there is a need to veer towards DESIGN - problem solving, through an aesthetic value.

The basic design workshop tries to seek answers to questions like:

- ❖ What is Basic Design?
- ❖ How does this subject help architecture?
- ❖ How to teach more fundamental and universal principles apart from Design Principles?
- ❖ How to talk Design?
- ❖ How to ask a simple question to the answer/brief?
- ❖ How to prepare a design brief?
- ❖ How to teach students to evaluate their own work and the subject?
- ❖ How to teach students to understand the value of design or put criteria in place?
- ❖ What is ... Theory of Design?
- ❖ Can there be a "Concept building toolset".
- ❖ Does the concept come first or the design?..Linking concepts to Architectural Design

The workshop will be conducted in the form of talks, exercises and activities with discussions

on How to make the basic design studio a joyful learning experience? How do we approach the exercises and activities as teachers? What should we expect from students? How to go about documenting the studio outputs.

Expert will share experiences of exercises and activities done earlier.

The aim of the Basic Design Workshop is to understand how to motivate students through the subject of Basic Design
