

Coordinator - Ar. Fatema Kabir, Baramati

Architectural theory Workshop is structured as a start and end of Architecture. Designing is its body, which is already covered. Initial research and concept of Design is challenging and final documentation in the form of theory is missing. Hence the workshop intends to target both ends in one time. Design Theory Foundation in first year and Thesis Research in last year are the subjects at two ends. Between the first and the last year the student needs three years of intensive Architectural Theory background.
