

# COUNCIL OF ARCHITECTURE

(A Statutory authority of Ministry of Education,  
Government of India constituted under the Architects Act, 1972)

APPROVAL PROCESS HANDBOOK 2025-2026

# FOREWORD

The Parliament of India enacted the Architects Act, 1972 and set up Council of Architecture inter alia to prescribe the Standards of Architectural Education and Profession in the country so as to ensure that general public is served by qualified and competent professionals who can ensure construction of safe and economic buildings and optimum utilization of natural resources.

To bring in more transparency in the working of the Council of Architecture and to make all institutions and stakeholders aware of the approval process, the Council has come out with the Handbook of Approval Process for Architectural Institutions.

It is hoped that this Handbook will act as a ready reckoner not only for the architectural institutions but also for the members of the Council, inspectors, administrators and all concerned to keep themselves aware of the minimum standards and requirements laid down by the Council.

A handwritten signature in black ink, appearing to read 'Abhay V. Purohit'.

Prof. Abhay V. Purohit

President

# PREAMBLE

## 3.1 Background

The Architects Act, 1972 provides for registration of Architects, recognized qualifications, prescription of standards of education and standards of professional conduct and etiquette and a code of ethics for architects. The Council of Architecture set up under section 3 of the Act is charged with the responsibility to regulate the education and practice of profession throughout India besides maintaining the register of architects at national level. For this purpose, the Government of India has framed Rules and Council has framed Regulations as provided for in the Architects Act, with the approval of Government of India.

The Council is one of the statutory bodies that works independently and entirely on democratic principles. For the purpose Government has framed Rules and Council has, from time to time, with approval of the Government formulated Regulations to effectively regulate the profession and education.

Relevant provisions in the Architects Act, 1972:

18. Every authority in India which grants a recognised qualification shall furnish such information as the Council may, from time to time, require as to the courses of study and examinations to be undergone in order to obtain such qualification, as to the ages at which such courses of study and examinations are required to be undergone and such qualification is conferred and generally as to the requisites for obtaining such qualification.
19.
  1. The Executive Committee shall, subject to regulations, if any, made by the Council, appoint such number of inspectors as it may deem requisite to inspect any college or institution where architectural education is given or to attend any examination held by any college or institution for the purposes of recommending to the Central Government recognition of architectural qualifications granted by that college or institution.
  2. The inspectors shall not interfere with the conduct of any training or examination but shall report to the Executive Committee on the adequacy of the standards of architectural education including staff, equipment, accommodation, training and such other facilities as may be prescribed by regulations for giving such education or on the sufficiency of every examination which they attend.
  3. The Executive Committee shall forward a copy of such report to the college or institution and shall also forward copies with remarks, if any, of the college or institution thereon, to the Central Government.
20.
  1. When upon report by the Executive Committee it appears to the Council -
    1. That the courses of study and examination to be undergone in, or the proficiency required from the candidates at any examination held by, any college or institution, or
    2. That the staff, equipment, accommodation, training and other facilities for staff and training provided in such college or institution, do not conform to the standards prescribed by regulations, the Council shall make a representation to that effect to the appropriate Government.
  2. After considering such representation the appropriate Government shall forward it along with such remarks as it may choose to make to the college or institution concerned, with an intimation of the period within which the college or institution, as the case may be, may submit its explanation to the appropriate Government.
  3. On receipt of the explanation or where no explanation is submitted within the period fixed, then on the expiry of that period, the State Government, in respect of the college or institution referred to in clause(b) of sub-section (5), shall make its recommendations to the Central Government.
  4. The Central Government --

1. After making such further enquiry, if any, as it may think fit, in respect of the college or institution referred to in sub-section (3), or
  2. On receipt of the explanation from a college or institution referred to in clause (a) of sub-section (5), or where no explanation is submitted within the period fixed, then on the expiry of that period, May, by notification in the Official Gazette, direct that an entry shall be made in the Schedule against the architectural qualification awarded by such college or institution, as the case may be, declaring that it shall be a recognised qualification only when granted before a specified date and the Schedule shall be deemed to be amended accordingly.
5. For the purposes of this section, “appropriate Government” means --
1. In relation to any college or institution established by an Act of Parliament or managed, controlled or financed by the Central Government, the Central Government, and
  2. In any other case, the State Government.
21. The Council may prescribe the minimum standards of architectural education required for granting recognised qualifications by colleges or institutions in India.
22. 1. The Council may by regulations prescribe standards of professional conduct and etiquette and a code of ethics for architects.
2. Regulations made by the Council under sub-section (1) may specify which violations thereof shall constitute infamous conduct in any professional respect, that is to say, professional misconduct, and such provision shall have effect notwithstanding anything contained in any law for the time being in force.
45. 1. The Council may, with the approval of the central Government, \*[by notification in the Official Gazette] make regulations not inconsistent with the provisions of this Act, or the rules made there under to carry out the purposes of this Act.
2. In particular and without prejudice to the generality of the foregoing power, such regulations may provide for -
- e. The courses and periods of study and of practical training, if any, to be undertaken, the subjects of examinations and standards of proficiency therein to be obtained in any college or institution for grant of recognised qualifications;
  - f. The appointment, powers and duties of inspector;
  - g. The standards of staff, equipment, accommodation, training and other facilities for architectural education;
  - h. The conduct of professional examinations, qualifications of examiners and the conditions of admission to such examinations;

## 3.2 Vision

It is aspired by the Parliament of India that the general public is served by qualified and competent architects so that safe and economic buildings are constructed.

In order to cherish the vision of Indian Parliament, the Council from time to time is prescribing the minimum standards Architectural Education for imparting recognised qualifications by Architectural Institutions.

## 3.3 Support to Academic Community

- i. Training & Research - In order to support the academic community, CoA in the year 2006 had set up National Institution of Advanced Studies in Architecture (NIASA) in the interest of architectural education and profession, as an academic unit of the Council for promoting advanced research in the various fields of architecture, to teachers of architecture, professionals and individuals / students. The training programmes were conducted for teachers and professional Architects for enhancement of education and skill of the concerned. Today CoA has been conducting various activities through its Training & Research Centres at Pune (Formerly NIASA) and Bhopal, such as:-

- a. Training for Teachers, students as well as for professionals to keep them updated with contemporary developments and to update them with latest technological advancements so as to meet the challenges posed by globalisation, preservation of environment and scarcity of natural resources.
- b. Research support fundamental research by academicians as well as to accept assignments from construction industry for research.

Over the years it is seen as well-established channel for teachers to keep themselves updated and also debate various new ideas. Every year close to 40 training programmes are conducted by TRCs which are very well attended by young teachers & architects.

- ii. National Aptitude Test in Architecture: The Council in the year 2006 started National Aptitude Test in Architecture (NATA) as nationwide single test for admission to Architecture. This test replaced individual tests carried out by each institution and substantially reduced hassles, anxiety and money of prospective candidates looking forward to take up architecture as a career.

As per COA (Minimum Standards of Architectural Education) Regulations, 2020 prescribed by the Council, all candidates seeking admission to Architecture programme are required to qualify an Aptitude Test conducted by the Council i.e. NATA.

- iii. Conduct of Award Programmes: The Council started awards programme for architecture students for their final year projects/ thesis. The programme also had secondary aim to hold the exhibitions and presentation functions of students' work in public auditoriums for promotion of architecture as a profession for upliftment of community and prosperous career.
  - a. Award programme for students for excellence in Thesis at UG and PG level
  - b. Award programme for students for excellence in Architectural Heritage
  - c. International Essay Competition for Students and Teachers in Architecture
- iv. Publications: The Council in order to encourage and publish research as well as books written by Indian architects has published and distributed number of books authored by Indian architects for benefit of academic institutions through its TRCs.

### **3.4 Important Judgement of Apex Court on Role of Council (CoA) In Architectural Education**

The Hon'ble Supreme Court of India in Civil Appeal No.364 of 2005, vide order dated 08.11.2019, upheld the decision of the Hon'ble Bombay High Court in "Shri Prince Shivaji Maratha Boarding House case" that Council of Architecture is the final authority for Architectural Institutions in the country and held that "AICTE would not have any regulatory control over the concerned institution so far as architecture education is concerned".

Hon'ble Supreme Court held that so far as recognition of degrees and diplomas of architecture education is concerned, the 1972 Act shall prevail. AICTE will not be entitled to impose any regulatory measure in connection with the degrees and diplomas in the subject of architecture. Norms and Regulations set by CoA and other specified authorities under the 1972 Act would have to be followed by an institution imparting education leading to degrees and diplomas in architecture.

- Additional intake for the existing programme(s).
- Introduction of additional/ new PG/Diploma programme in the new/existing institutions.

### 4.2.1 Extension of Approval

#### Procedure

1. Every institution shall apply for extension of approval online at the portal of the Council during the last academic year of current approval as per academic calendar duly published on CoA website. For extension of B.Arch. and M.Arch. programme, the institution shall fill up details in two separate forms - Part -A (Quantitative details) and Part-B (Qualitative details). For extension of Diploma programme, there shall be a single application form.
2. The applications received for seeking approval for imparting B.Arch./M.Arch./Diploma programmes shall be processed in terms of the Minimum Standards prescribed by the Council for these programmes, as attached at Appendix-B.
3. Institutions shall not admit students unless prior extension of approval for the academic year is granted by the Council.
4. The institution may submit its request for restoration of intake or reduction in intake in the online application. For reduction, a Resolution of the Trust/ Society/ Company in the Format prescribed in Appendix G may be submitted.
5. The applications received shall be processed as per the MSAER 2020 and procedures specified in the Approval Process Handbook. For aspects not dealt with in MSAER 2020 and APH, the Institution shall also have to adhere to the existing Central, State and Local Laws and norms of other Regulatory Body, say affiliating university, etc., if applicable.
6. Academic calendar specifying first and last dates of application and other procedures shall be published on CoA website [www.coa.gov.in](http://www.coa.gov.in) from time to time. After the Online application is submitted and necessary documents are uploaded, there shall be no need to send hardcopy of application unless requested by the Council for any specific document(s).
7. Login name and password is initially allotted to all the existing institutions. The application shall be submitted using the same login and password during the stipulated time window.
8. All applicants must ensure that the data entered in the form is correct and authentic. Editing is possible till the 'submit' button is clicked. However, no editing is possible once form is submitted. Utmost care must be taken to preview and correct the data where required till the final submission.
9. On successful filling up of online application, the institution shall get the application form digitally signed by the Head of the Institution and authorised signatory of the parent sponsoring body, e.g. Secretary or Chairman of Trust, etc., and upload the same and then make online payment to submit the same at the portal.
10. All institutions, including Government institutions are required to pay processing fees as prescribed from time to time.
11. Only those applications received till cut-off date shall be processed, subject to realisation of payment of processing fees.
12. On receiving the completed application and fees, CoA shall constitute a team of Inspection committee to visit the institution for verification of the information provided in the application and to see and judge the quality of academic work and examinations undertaken by the institution.
13. The institution as well as members of the Inspection committee shall be informed by email about the constitution of the committee.

14. On receiving the communication, the institution shall get in touch with the Convenor of the Inspection committee and finalise the date of visit.
15. The institution shall also arrange and provide local hospitality, i.e. accommodation, food and transport, to the members of the committee from point of arrival (Airport/ railway station/ bus station/etc.) till the point of departure.
16. The travel expenses otherwise, i.e. airfare/ railway or bus ticket/ taxi fare, etc. is borne by the CoA. The institution shall not reimburse this amount to the members of the committee.
17. The model visit itinerary is explained in Appendix H.
18. On conclusion of the inspection, the Inspection Committee shall submit the assessment report online, preferably before leaving the institution. The Institution shall make available in its premises a computer connected to internet and having printing facility to facilitate filling up and submitting the report and printing a copy of the same.
19. The Convenor shall, after taking signature of fellow members, submit the hardcopy of the report to CoA at a later date.
20. EC shall go through the scrutiny/summary report of the institution and if required call for complete report for its consideration and accordingly grant or refuse extension of approval to the said institution. Depending upon the status, EC may reduce the intake if infrastructural facilities are found inadequate for the existing intake.
21. The decision of the EC will be communicated to the institution, with copy to affiliating university and State/ Central government/ and other concerned authority.
22. In case an institution wishes to file a Review/ Appeal on the decision of EC, it may present an application to that effect on payment of prescribed fees and present the case to the EC in person. Result of such appeal will be final and binding on the institution.

#### 4.2.2 Additional intake for the existing programme

1. Every institution may apply for additional intake of 40 in the existing B.Arch. programme as per academic calendar duly published on CoA website.
2. Additional intake shall be granted strictly in accordance to the perspective plan for Architecture education and related policy of the Council. (Refer Appendix-C for Policy 8.1 in COA Perspective Plan for Growth of Architectural Education)
3. On completing the application, applicant shall carefully review it before submission. On successful filling up of online application, the institution shall get the application form digitally signed by the Head of the Institution and authorised signatory of the parent sponsoring body, e.g., Secretary or Chairman of Trust, etc., and upload the same and then make online payment to submit the same at the portal.
4. Only the applications received before cut-off date and submitted along with processing fees shall be considered.
