

BMS SCHOOL OF ARCHITECTURE, YELAHANKA (BENGALURU)

- Presents National Online Faculty Development Program on -

ARCHITECTURE CURRICULUM & PEDAGOGY - POST NEP 2020

20 Nov - 24 Nov 2023 | 2:30PM - 05:45PM

PREAMBLE:

Architecture profession in India is witnessing a substantial change due to the global influences, societal changes, government decisions, innovations & policy rollovers in recent past. New tools & concepts have emerged in last two decades affecting the way architecture projects are conceptualised & carried out. This has a direct effect on the skills and capabilities required to be possessed by young architects stepping into the professional arena. Architecture curriculum needs to cope-up with the changes affected because of the evolving circumstances. Students are to be imbibed with skills & competencies required of the profession. The recommendations of NEP 2020 & emergence of new digital processes necessitates the academic fraternity to look afresh into the Architecture Curriculum contents and its delivery.

KEY TAKE AWAYS FOR PARTICIPANTS:

- Understanding the evolving scenario and future directions of architecture profession.
- Anticipating the issues coming up due to NEP 2020.
- Appreciating the changes/reforms in curriculum
- Teaching practices required to suit the future needs of architecture education and profession.
