

# Council of Architecture Online Training Program

in collaboration with  
SCMS School of Architecture, Cochin, Kerala

# Institutional Collaboration

An approach to Architectural Pedagogy

## Preamble

A constant effort to strengthen ties to the world outside the school is important because the goals are not only to provide high quality education but also to contribute to society through research and innovative solutions to real life challenges. With the advancement in education and pedagogical methods, it is important to address and direct the exposure of architectural students towards external organizations, institutions, and government bodies. Collaborations with various organizations and institutions will facilitate the institute to support the architecture students, aimed at developing design competencies that are relevant to the industry and society at large.

## Objectives

Encourage interdisciplinary collaborations  
Strengthen the platform to implement collaborative measures  
Upgrading skills pertaining to academic research  
Address the core areas of challenges faced in Architectural collaboration with allied bodies of institutions

## Registration Process

Teachers/architects who wish to register for the training program may do so by filling up the registration form. Registration fees: Rs.3,000/- (Rupees three thousand only).
