

Ref: CA/5/Academic-Circular  
January 15, 2021

**TO HEADS OF ARCHITECTURAL INSTITUTIONS IMPARTING B.ARCH. COURSE  
IN THE COUNTRY**

**Sub : Study of Agro-related infrastructure as part of dissertation/other course assignments in  
5-year B.Arch. degree course – reg.**

Dear Sir/Madam,

I am directed to refer to a letter dated 28.12.2020 received from Ministry of Education, Government of India, requesting the Council that the students of Schools of Architecture may be mandated to study Agro-related infrastructure as part of dissertation/other course assignments in their course.

In view of the above, all the institutions imparting 5-year B.Arch. degree course are requested to introduce course(s) related to Agro-related infrastructure as part of dissertation/other course assignments in B.Arch. course to their students. The same shall not only provide more exposure to students in the field of agriculture infrastructure but also equip them for providing infrastructural services in the area, paving way for the growth and development of the country and demand of competent architects for this large sector.

You are therefore requested to take necessary action in the matter under intimation to the Council so that the Ministry can be informed of the same.

Thanking you,

Yours faithfully,

R.K. Oberoi  
Registrar
