

Application of Contemporary Technologies for Sustainable Habitat Design, Planning & Management

5 Day Online Faculty Development Program

11th to 15th July 2022 [2 pm to 5 pm]

Last date to register: 8th July.

PREAMBLE

Sustainable development is a carefully planned strategy to embrace growth while using resources more efficiently, with utmost consideration of immediate and long-term benefits for our planet and the humans who live on it.

Thus this FDP aims to bring various think tanks together to start a dialogue on crucial role of architect and architecture in developing healthy, sustainable & resilient living environment.
