MESSAGE

I am pleased to know that the Council of Architecture is celebrating Golden Jubilee year of the enactment of The Architects Act, 1972 and organizing a conference "Pratyasha" on 6th November, 2022 to mark the event.

The Architects Act, 1972 was enacted to provide institutional and statutory framework to the discipline of Architecture. The Council of Architecture is working to regulate architectural education and profession in the country.

I am glad to know that presently there are 406 architectural institutions in the country and about 1,55,000 architects are registered with the Council.

It is heartening to note that through its activities, the Council is promoting education and capacity building among trainee architects apart from monitoring standards of Architectural Education and Profession in the country.

I convey my best wishes for the event and wish them all the success for their future endeavours.

(Om Birla)
