TO ALL THE REGISTERED ARCHITECTS

Subject:- COA Survey for Reforms in NATA - reg.

Dear Sir/Madam,

As you may be aware, the Council of Architecture has been conducting NATA Aptitude Test for admission to 1st year of 5-year B.Arch. degree course at institutions approved by the Council all over the country.

In order to review the modalities and pattern of NATA, the Council has decided to conduct a Survey on NATA Test to seek response from the concerned stakeholders to introduce reforms in NATA, as may be required.

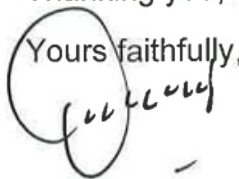

By seeking responses and feedback from stakeholders including architects, architectural institutions, academicians and professionals in the field of architecture, the Council aims to make well-informed decision on assessing the aptitude of candidates that aligns with the evolving needs and aspirations of the architecture community.

In view of the above, all architects are requested to share their feedback/suggestions on the conduct of NATA in the Google Form "<https://t.ly/oCDt>" on or before 03.10.2023.

Your valuable inputs will not only strengthen the reforms to be initiated for NATA but will also boost Council's commitment in upholding the highest standards in architectural education and practice.

Thanking you,

Yours faithfully,

R.K.Oberoi
