TO ALL THE REGISTERED ARCHITECTS WITH COUNCIL OF ARCHITECTURE

Subject: Welfare Schemes for Architects Registered with Council of Architecture-reg.

Dear Architect,

The Council of Architecture is pleased to announce **exclusive insurance policies specifically designed for Architects** in collaboration with ICICI Lombard General Insurance Co. Ltd (ICICI Lombard) and KM Dastur Reinsurance Brokers Pvt. Ltd. (KMD). The following insurance policies are proposed for the welfare of Architects registered with Council of Architecture:

- 1. Health Insurance Policy for Architects and their Dependents**
- 2. Personal Accident Insurance for Architects**
- 3. Professional Indemnity Insurance for Architects**

The above policies have been meticulously curated to ensure you a fully loaded insurance plan at very attractive premium being group policies. The insurance scheme for architects under the aegis of the Council of Architecture (CoA) holds paramount significance in ensuring the well-being and security of various stakeholders within the architectural community.

This comprehensive insurance initiative encompasses Architects registered with Council, offering them a safety net in the face of unforeseen circumstances and underlines Council's commitment to providing valuable resources and financial security to our esteemed Architects and their families.

Please note that the premium payments and policy documentation are handled online. The policy will be sent directly to the registered email IDs of the architects. The KMD team will provide support on a 24/7/365 basis. All insurance products have been made live on the COA website at link [Council of Architecture \(coa.gov.in\)](http://Council of Architecture (coa.gov.in)). For more details about the Policies, coverages and premium rates etc., you may kindly visit the link.

It is also clarified that the above Insurance Policies are purely on voluntary basis to be taken at the discretion of interested Architects and the role of Council is only limited to provide good Insurance Policies at affordable prices. These specialised Insurance Policies are being offered by the Insurance proprietary at attractive premium prices and provide a wider coverage designed specifically for Architects registered with the Council.

By offering a robust insurance coverage, the Council not only demonstrates its commitment to the welfare of its architects but also fosters a sense of security, allowing architects to focus on their creative endeavors and contribute meaningfully to the field of architecture.

This initiative not only reflects the Council's commitment to its architects but also underscores the importance of a supportive community within the realm of architecture, ensuring that architects can continue to shape the world around us with confidence and innovation.

In view of the above, the Council requests all the registered Architects to kindly consider these specialised Insurance Policies and take advantage of comprehensive insurance coverage they provide, in order to safeguard your personal, professional and financial interests.

Thanking you,

Yours faithfully,

R.K. Oberoi
Registrar
