

Council of Architecture

In association with

Bureau of Energy Efficiency (BEE)

is organizing an online training program

Introduction to Energy Conservation Building Code (ECBC)

Convened by Dr. Navneet Munoth, Hon. Director, COA-TRC, Bhopal
coatrc.bhopal@gmail.com

Dates: 10th to 14th May 2021;

Timing: 02:00 PM to 05.00 PM (IST) each day

Last date of Registration: 08th May 2021

The Training Program would be conducted by experts recommended by BEE.
The program is expected to cover the following topics:

- Introduction to Building Physics
- Building Envelope
- Lighting and controls
- ECBC compliance procedures
- Energy simulation.
- ECBC Scope and Administration
- Building comfort systems and controls
- Electrical and renewable energy systems
- Whole Building Performance Approach

The training program will be supported by live case studies of ECBC compliance projects as well as training on Energy Simulation software.
